ACADEMIC PROJECTS

App Development	▪ **FIND YOUR DEAL (April 2023 – June 2023)** - An E-Commerce app, which takes order form the users based on the products posted by the seller. - Technology: Flutter, Firebase - Team Project – 3 Members
App Development	▪ **LIST LOOM (July – Sept 2023)** - I've always used to-do lists, and since I didn't knew what to do as my first independent Dart/Flutter project, I've chosen to create my own to-do list app, so, here it is. It's very simple, but it helped me to understand and put into practice a lot of things, that before this project, I've had only learned through theory or coding along with courses. - Technology: Dart, Kotlin ,Swift
Web Development	▪ **Byte Learn (August 2023)** - An Educational website dedicated to provide high-quality learning resources for a wide range of subjects and skills. - Technology: Html , CSS , JavaScript , React Js, Tailwind , MongoDB . - Team Project – 5 members
